

Cecily Brown: Rehearsal

Cecily Brown finds inspiration by directly referencing art history and popular culture. Like a dancer rehearsing their steps, she draws the compositions over and over.

Compare the drawings that are grouped together. What is similar? What is different? After studying the entire grouping, how does your perception of the subject change?

Midori Hirose, Of the Unicorn (and the Sundowner Kids)

In this exhibition, Midori Hirose explores Santa Barbara history.

Study the objects; how are they connected to Santa Barbara? Which stories do they tell? What would you choose to represent your vision of Santa Barbara?
